ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (during the vote). There are 2 minutes remaining in this vote.

□ 1620

So the bill was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

# TRIBUTE TO CHUCK ATKINS OF THE SCIENCE AND TECHNOLOGY COMMITTEE

(Mr. GORDON of Tennessee asked and was given permission to address the House for 1 minute.)

Mr. GORDON of Tennessee. Mr. Speaker, I rise to sadly announce a retirement. No, it's not mine; it's much worse. The chief of staff of the Science and Technology Committee, Chuck Atkins, is going to be retiring at the end of this year.

As all of us know, if we are going to run our business well and be successful, we have to have good friends that will give us advice. We have got to have an outstanding staff that will help us execute our work. Chuck has been both of those for me.

Chuck has served his country with distinction in a number of ways. From the jungles of Vietnam as a decorated marine, including a Purple Heart, to the Halls of Congress, Chuck has been a patriot.

He first came to Washington in 1993 with our former colleague Scotty Baesler, from Kentucky. Then in 1998, Chuck took on the chore of being the chief of staff for my personal office. Later, when I became ranking member of the Science and Technology Committee, Chuck took on those additional responsibilities as the staff director there.

In 2007, when I had the good fortune of you allowing me to serve you as the chairman of the Science and Technology Committee, Chuck then became the staff director for the committee. Quite frankly, he has been the key to our committee's success, skillfully putting together an outstanding staff, mentoring them, bringing them along to really perform to their maximum potential, and doing all of that, I am very pleased, in a bipartisan manner.

I will tell you one quick story there. When I first became elected, as you know, the majority staff has two-thirds to one-third, and so there was a big switch. Chuck went to the minority staff and said they could be the first ones to interview for our new expanded staff. After interviewing them, because he wanted to get the very best that he could, our first five hires were from the Republican staff. All the other Republican staff members who didn't have a job, he said they could stay and help us work until they could find another job.

I think because of that, over the last 2½ years, we have been so successful in being able to pass 82 bipartisan bills and resolutions. Twenty-seven of those have been signed into law and many more are in the pipeline to be signed.

Chuck, thank you for a job well done. I hope that Chuck's wife, Merry, is listening. If so, Merry, thank you for putting up with Chuck for those late nights, and thank you for, I am sure, having to put up with the frustration that he would bring home from having to work with me.

Mr. HALL of Texas. Would the gentleman yield?

Mr. GORDON of Tennessee. Certainly.

I yield to my friend and ranking member of the Science and Technology Committee, Mr. HALL.

Mr. HALL of Texas. BART, I agree with you. I certainly want to pay tribute to Chuck Atkins.

He has been a loyal servant of this House. He is respected on both sides of the House. It has been a pleasure to work with him. I can say that he is really a man of integrity who led his staff admirably.

Part of the reason the Science and Technology Committee has such a bipartisan committee is because of staffers like Chuck Atkins who dedicated themselves to serving a cause greater than he felt himself to be. He served us in war and peace as a Vietnam veteran. He has a long history of serving our Nation, so it should come as no surprise he chose to come to Washington to give his services here.

Chuck, you are going to be missed. I hope you have a good retirement from the House of Representatives. Thanks to you for all you have done for the greatest good for the greatest number.
